Docket No. 50-219

NOV 3 1978

Jersey Central Power and Light Company  
ATTN: Mr. Ivan R. Finfrock, Jr.  
Vice President  
Madison Avenue at Punch Bowl Road  
Morristown, New Jersey 07960

Gentlemen:

This refers to the information on Core Spray Sparger repairs received by our inspector on site on October 27, 1978, (the preliminary diagram for the Core Spray Sparger Clamp and the planning and implementation schedule for sparger repairs).

We have received a request from Mr. J. Vann, of the New Jersey Bureau of Radiation Protection, for the information held by this office concerning this matter.

In accordance with 10 CFR 2.790, please review the data you have provided this office for proprietary considerations. If we do not hear from you on this subject within 20 days, the material described above will be provided to Mr. Vann and placed in the public document room. If you conclude that proprietary information is involved in this case, it is necessary that you make a written application to withhold such information from public disclosure. Such an application must be accompanied by an affidavit which identifies the document or part sought to be withheld and contains a full statement of the reasons for that withholding in accordance with 10 CFR 2.790(b).

Sincerely,

A handwritten signature in dark ink, appearing to read "EJ Brunner".
