MEMORANDUM FOR: Raymond F. Fraley, Executive Director
Advisory Committee on Reactor Safeguards

FROM: L. P. Crocker
Technical Assistant to the Director
Division of Project Management

SUBJECT: CONDENSER TUBE MATERIALS

During the 223rd ACRS meeting in November 1978, as part of an Executive Session, the Surry Subcommittee (Dr. Carbon) reported on the Subcommittee review of the Surry steam generator replacement effort. During Committee discussion of this matter, Mr. Etherington asked that the staff provide to the Committee the results of a survey of condenser tube materials in operating plants.

The attached memorandum dated December 14, 1978, from V. Noonan to me provides the information requested by Mr. Etherington.

L. P. Crocker
Technical Assistant to the Director
Division of Project Management
