January 27, 1994

Mr. James M. Taylor
Executive Director for Operations
United States Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Dear Mr. Taylor:

Thank you for your January 25, 1994 response to my letter on behalf of Mr. Martin H. Gold regarding the Columbus BreastCare Center, Inc.

I have forwarded a copy of your report to Mr. Gold, who has just received the \$2,100 bill for the October 22, 1993 inspection. As you will note, he has requested an extension because he feels "that the charge is incorrect and excessive for the type of facility we have."

Mr. Gold has asked for my help regarding the extension, the amount of the charge, and for an explanation of what Category 7C is.

Your further assistance in answering these questions would be deeply appreciated, and I look forward to your reply.

Best regards.

Sincerely,

John Glenn
United States Senator
