Dear Board Members:

According to a notice I received 9/13/78 from a S.G. of the Docketing & Service Section the petition I filed on 9/8/78 was referred to you. In it I requested leave to intervene on behalf of myself and several others relative to docket #50-387,388 and authorized Drs. Johnsrud and Kepford to serve as our representatives in the matter. I also asked to be made a party to the case so as to receive copies of all official notices and relevant correspondence. To date I have received no response to my petition other than a notice that it had been received. The only word I have received is through newspaper reports that Dr. Johnsrud has yet to be granted any standing in this matter.

Please advise me of the status of my petition. Please do so as soon as possible. If you wish, you may reach me by telephone at 717-784-9339 or at 717-389-2509.

Truly yours,

Oliver J. Larmi, Ph.D.
