Gentlemen:

Several changes (Reference 1) were submitted to your office to be included in a review submitted previously. We have been informed that the review of the changes submitted previously was completed prior to receiving our October 20, 1982 changes. Therefore, it is our understanding that an amplifying statement is required before the review.

It is our position that the portions of the Security Plan Changes that deal with the manning of the CAS and the Surveillance system hardware is a 10 CFR 50.90 change. The rest of the changes to the Security Plan are deemed to be 10 CFR 50.54 P changes.

Changes to the Contingency Plan and the Guard Training and Qualifications Plan will become 10 CFR 50.54P changes after the 10 CFR 50.90 review of the Security Plan is completed and approved.

It is felt that this 10 CFR 50.90 review falls under the Class II category for the schedule of fees, therefore, enclosed is a check for the fee of \$1,200.00.

Very truly yours,

DAIRYLAND POWER COOPERATIVE
