Dear Mr. Rexroad:

SUBJECT: NOTICE OF VIOLATION DATED FEBRUARY 18, 1994

This acknowledges receipt of the letter from Patrick Hughes of your staff dated March 3, 1994, in response to our letter dated February 18, 1994, transmitting a Notice of Violation.

We have reviewed your corrective actions, which appear to be adequate, and have no further questions at this time. These corrective actions will be examined during a future inspection.

Based on a March 10, 1994 telephone conversation between Mr. Hughes and Wayne Slawinski of my staff, we understand that the inservice covering the Quality Management Program was also provided to Nuclear Medicine Department physicians. We further understand that a log of all administered radiopharmaceutical doses requiring completion of your Quality Management Monitor Form is generated and audited by the Radiation Safety Officer monthly.

Sincerely,

B. J. Holt, Chief
Nuclear Materials Inspection
