SAFEGUARDS INFORMATION REMOVED

Gentlemen:

SUBJECT: DOCKET NOS. 50-338 AND 50-339

This acknowledges the receipt of your letter of December 3, 1993, which transmitted Revision 31 to the North Anna Physical Security Plan.

Our review of the changes has found most of them to be consistent with the provisions of 10 CFR 50.54(p). Accordingly, they are acceptable for inclusion into the plan. Several of the changes lessen the effectiveness of the plan and are delineated in the enclosure to this letter. These were discussed in a teleconference on February 24, 1994, between Mr. W. Atwood of your company and Ms. O. Masnyk of Region II. To preclude a violation of regulatory requirements please revert to your original commitments.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR Part 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the material will not be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

Douglas M. Collins
