Chairman
Nuclear Regulatory Commission

Dear Chairman Hendric:

It is my understanding that NRC is responsible for the evacuation plans for individuals in an area which surrounds a nuclear power plant.

I have recently been contacted by my constituents in the Port St. Lucie and Ft. Pierce areas of Florida relative to the Hutchinson Island nuclear power plant, and I am specifically interested in your evacuation plans for those areas. I have attached several letters from constituents regarding their concerns with respect to the busing of their children should a nuclear disaster occur at Hutchinson Island.

Thanks so much for your prompt attention to this matter and I look forward to hearing from you.

Cordially,

Richard (Dick) Stone

Dear Mr. Richard Stone,

My husband & I are writing to you as concerned parents whose children are going to be placed in the care of either St. Agnes or Park Place. It is too young
that day, now thinking of going
to Park or St. Agnes. We have
two & years, now two we can
but, if we could keep
expat mother, they don't want
her, & it - best we let her
have the medical money.

We are very anxious about
the Park Place. Entomologist
and our physician in the Park
Place & the Judge Parker, who
is still in "this will be
especially responsible for our
children in case of a sudden
accident?" If such a
should occur, the physician will come
to examine the children & if he
finds no fault it may well just
accuse in Park Place. Because
