Subject: UPDATE ON THE EPR

Attached please find an update on the Enhanced Participatory Rulemaking on radiological criteria for decommissioning. We are looking forward to Regional Participation, if it can be supported, in the simulation workshop on January 11-12, 1993, at the Bethesda Holiday Inn.

In addition, I would appreciate any comments on the Decommissioning Case Studies, which we plan to mail to workshop participants during the first week of January. Please contact me at (301) 504-1298 or mfw if you have any questions or comments.

Thanks,
Mike Weber
