Gentlemen:

SUBJECT: DOCKET NOS. 50-338 AND 50-339

This acknowledges the receipt of your letter of February 1, 1994, which transmitted Revision 4 to the North Anna Safeguards Contingency Plan.

It appears that this revision may have policy implications which requires review at the Headquarters level. This submission has reformatted the plan so that it is no longer aligned with the outline of Appendix C to 10 CFR Part 73.55. Also the amount of material that was deleted precludes review at the Regional level. Accordingly, this revision has been submitted to the Office of Nuclear Reactor Regulation for appropriate action. You will be advised by separate correspondence of any decisions by Headquarters. This was discussed between Ms. O. Masnyk of this Region and Mr. W. Atwood of your company on March 2, 1994.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

*Original Signed by  
E. McAlpine*
