MEMORANDUM FOR: Document Control Desk
Document Management Branch
Division of Information Support Services
Office of Information Resources Management

FROM: Mark A. Cunningham, Chief
Probabilistic Risk Analysis Branch
Division of Safety Issue Resolution
Office of Nuclear Regulatory Research

SUBJECT: REPLACEMENT OF RESEARCH REPORT IN PUBLIC DOCUMENT ROOM

In my memorandum dated March 9, 1994, I requested that the following research report be placed in the PDR:

41. J. Fries et al., "An Analysis of LANL Nuclear Materials Control and Accountability Jobs," Los Alamos National Laboratory, A6:U-91-97, Rough Draft, September 1991.

I would like to substitute the enclosed following report for the one provided on March 9:

41. J. Fries et al., "An Analysis of LANL Nuclear Materials Control and Accountability Jobs: Final Report," Los Alamos National Laboratory, A6:U-91-97, September 1991.

Note that the only difference is the designation of final report in the title.

If you have any questions, please contact me at 492-3965.

Mark A. Cunningham, Chief
Probabilistic Risk Analysis Branch
Division of Safety Issue Resolution
Office of Nuclear Regulatory Research
