OFC Of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Attn: Document Control Desk
Washington, D.C. 20555

In accordance with 10CFR55.25 this letter is initial notification to the commission that on or about February 25, 1994 Mr. John J. Rusnak III, Docket No. 55-31988 was involved in an automobile accident and sustained serious spinal injuries. It is expected that Mr. Rusnak will be unable to return to work for at least three months. Mr. Rusnak is expected to fully recover with no permanent disability. At this time his license is considered inactive and prior to resuming or assuming any functions allowed by his license, Mr. Rusnak will meet the requirements of 10CFR55, Part 55.53 for active licenses.

Sincerely,

Gary F. Speck
