Dear Mr. Thayer:

Subject: **Safeguards Inspection 50-29/94-03 (03/15-16/94)**

This letter refers to above subject physical security inspection of Yankee Nuclear Power Station by Messrs. E. B. King and G. S. Smith of this office. Our preliminary findings were discussed with Mr. Maret and other members of your staff by Mr. King at the conclusion of the inspection.

This inspection examined the contingency response plans associated with the strike actions of the contractor security force at the Yankee Nuclear Power Station.

The inspectors concluded, based on observations, documentation review and discussions with licensee management, that the physical security program as implemented was appropriately directed toward protecting public health and safety. No safety concerns or violations of regulatory requirements were identified.

No response to this letter is required. Thank you for your cooperation.

Sincerely,
