Dear Mr. Felton:

Under the provisions of the Freedom of Information Act, we are seeking any information you have on public file concerning a group VI product manufactured by Rad-Irid Inc. of Washington, DC.

The product is an Iridium-192 seed which is used for medical implantations. The seed may be part of a nylon ribbon assembly. There appears to be no published model number.

I would much appreciate any help you can offer in obtaining this information.

Sincerely,

Dr. David A. Coppell
