Dear Sir:

This is a Freedom of Information Act Request. The News and Observer requests all internal, non-public documents, memos, evaluations, reports and other materials dealing with the nuclear plant operations of The Carolina Power & Light Co., Raleigh, N.C. The company has three nuclear units - Brunswick I and II, and H.B. Robinson.

The News and Observer will pay the cost of reproducing these documents. Please advise if the NRC has a considerable body of material - more than 200 pages - so The News and Observer can decide which documents it wants. Please also advise of copying fees, if they exceed \$30, before making copies.

If there are questions, I can be reached at (919) 829-4500.
Thank you for your assistance.

Sincerely,

Doug McInnis
