Gentlemen:

This refers to your letter dated June 2, 1982, regarding construction of an addition to the UO₂ Building. We have determined that such construction would not affect the quality of the human environment; thus, you will not have to submit environmental information to cover construction of the addition.

This letter does not authorize introduction of SNM into the new addition. Such authorization will be the subject of future correspondence.

Enclosed for your information is a copy of our safety evaluation report.
