4 February 1983

Mr. Cecil O. Thomas, Chief
Standardization and Special Projects Branch
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Thomas:

I have enclosed a final copy of the "NSCR Post Damage Pulse Test Program" for your review. The plan was approved with only minor changes by the Reactor Safety Board on 28 January 1983. These included minor wording changes and sentence restructuring (primarily in Section V) for clarity. If there are any questions or additional comments, please let us know.

Sincerely yours,

A handwritten signature in cursive script that reads "Dale Rogers".

Dale Rogers, Manager
Reactor Operations
