

Docket No 59/413  
50/414

AUG 17 1982

MEMORANDUM TO: Darrell G. Eisenhut, Director,  
Division of Licensing

FROM: Thomas M. Novak, Assistant Director  
for Licensing  
Division of Licensing

SUBJECT: DISCUSSION OF CONTENTIONS IN CATAWBA DRAFT  
ENVIRONMENTAL STATEMENT (DES)

The following table cross-references where in the Catawba DES the staff had addressed the admitted (A) and conditionally admitted (C) contentions for Catawba.

<u>Contention</u>	<u>Subject</u>	<u>Staff Addressed Contention In</u>
Palmetto #1 (C) and CMEC #4 (C)	Long-Range Health Effects	Sections 5.9.3.2, and 5.9.3.1.1
Palmetto #27 (A)	Monitors for Radiation Levels	Section 5.9.3.4
Palmetto #2 (C)	Class 9 Accidents	Appendix E and Section 5.9.4.5 (2)
Palmetto #10 (C)	Cost of Class 9 Accidents	Sections 5.9.4.5 (2), 5.9.4.5.(4) and 5.9.4.5 (6)
Palmetto #15 (C) and #16 (C)	Storage and Transportation of Non-Catawba Fuel	Appendices G, and E
CESC #9 (C)	Consequences of PWR 1-9 Accidents	Section 5.9.4.5 (2)
CMEC #3 (C)	Inadequate Projections of Radionuclides in Catawba River	Appendix D
CESG #17 (C)	Corbicula Effect on Cooling Towers	Section 4.3.4.2

OFFICE ▶						
SURNAME ▶						
DATE ▶						

The DES addresses the subject matter of each of the environmental contentions without stating the contention. In our opinion, the DES provides the foundation for NRC positions with respect to the contentions. Further details by way of affidavit and/or written and oral testimony may be needed from responsible staff members as to contentions finally admitted unconditionally.

Thomas M. Novak, Assistant Director  
for Licensing  
Division of Licensing
