Docket No. 50-326

University of California, Irvine
Irvine, California 92717

Attention: Professor J. L. McGaugh
Executive Vice Chancellor

Gentlemen:

This letter refers to the inspection of your activities authorized under NRC License No. R-116 conducted by Mr. W. P. Mortensen of this office on August 25 and 26, 1982. It also refers to the discussion of our findings held by the inspectors with Dr. George Miller of your staff on August 26, 1982.

The inspection included examination of activities related to physical protection against industrial sabotage and against theft of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 73, "Physical Protection of Plants and Materials," your Security Plan, and license conditions pertaining to physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility personnel and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of the findings of your safeguards and security measures are exempt from public disclosure; therefore, the enclosed inspection report will not be placed in the Public Document Room.
