NOTICE OF VIOLATION

City of Springfield

License No. 12-15908-02

As a result of the inspection conducted on August 24, 25 and 26, 1982, and in accordance with the NRC Enforcement Policy, 47 FR 9987 (March 9, 1982), the following violations were identified:

1. License Condition No. 9 states: licensed material is authorized to be used only in Texas Nuclear Models 5189 and 5192 source holders for level measurement.

Contrary to this requirement, on the dates of this inspection, the licensee was in possession of and was using seven Texas Nuclear Model 5190 source holders for density measurements, units not authorized by this license.

This is a Severity Level IV violation (Supplement VI).

2. 10 CFR 30.51(a) states: each person who receives byproduct material... shall keep records showing the receipt, transfer and disposal of such byproduct material.

Contrary to this requirement, on the dates of this inspection, all records of receipt of byproduct material were not available for review by the inspector.

This is a Severity Level V violation (Supplement VI).

3. License Condition No. 13.A. states: each sealed source shall be tested for leakage and/or contamination at intervals not to exceed three years.

Contrary to this requirement, as of the dates of this inspection, leakage and/or contamination tests have not been performed on the sources and holders installed and tested during 1974. This is an interval in excess of three years.

This is a Severity Level IV violation (Supplement VI).

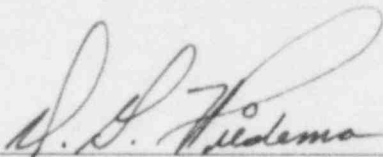

4. 10 CFR 19.11 requires that the documents specified in Paragraphs (a) and (c) of this Section be posted in accordance with Paragraph (a), (b) or (c).

Contrary to this requirement, on the dates of this inspection, the documents specified were not posted.

This is a Severity Level V violation (Supplement IV).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each item of noncompliance: (1) corrective action taken and the results achieved; (2) corrective action to be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Consideration may be given to extending your response time for good cause shown.
