Richland, Washington 99352-0130

Dear Mr. Maas:

SUBJECT: PUBLIC DISCLOSURE INFORMATION, WASTE REDUCTION PLAN

In Mr. Robert Burnett's letter to you dated February 23, 1994, the Nuclear Regulatory Commission agreed to withhold the Waste Management Engineering Plan, dated August 1993, from public disclosure pursuant to 10 CFR 2.790. In that letter, we requested that you provide a non-proprietary version of the Plan, which describes the current condition of waste management at the Richland plant and your future plans in general terms.

In a telephone conversation with Mr. Jim Edgar of your staff, Mr. Edgar requested that your March 1, 1994, letter to Mr. Burnett be accepted as a non-proprietary version of the Waste Management Engineering Plan. Inasmuch as this letter does include the requested description and future plans, we agree that the solid waste reduction plan as described in your letter satisfies the request for a non-proprietary description of SPC's waste management plan.

If you have any questions, please contact me at 301-504-2505.

Sincerely,

Original Signed By:
