Subject: James A. FitzPatrick Nuclear Power Plant
Docket No. 50-333
James A. FitzPatrick Site Emergency Preparedness
Exercise Scenario

Dear Mr. Haynes:

By letter dated June 2, 1982, the Power Authority of the State of New York provided you with the objectives for the James A. FitzPatrick site emergency preparedness exercise.

In response to your letter dated October 26, 1981 the Authority provides, herewith, the scenario for the James A. FitzPatrick site emergency preparedness exercise. The New York State Radiological Emergency Preparedness Group is providing the exercise scenario to FEMA.

Your October 26, 1981, letter stated that "The content of the exercise scenario should be handled on a 'need-to-know' basis, such that individuals who may be exercise 'players' do not have access to the scenario to be used." For the reason set forth above, the Authority requests that the exercise scenario be withheld from public disclosure until the exercise has been completed, to ensure that only individuals who have a "need-to-know" are cognizant of the scenario.

Should you or your staff have any questions please contact Mr. J.A. Gray, Jr. of my staff.

Very truly yours,

C. M. Walbriding
