NPF-69

Gentlemen:

Transmitted herewith, in accordance with 10CFR50.54(p), is Issue 4, Revision 0 of the Nine Mile Point Nuclear Station Physical Security Plan. The complete reissue of the Plan is a result of an in-depth review to ensure that commitments and content are more clear and concise, void of redundancy, and consistent with the reorganization of the Nuclear Strategic Business Unit.

A "Summary of Changes" for Issue 4, Revision 0 is included to provide the basis for changes and to facilitate NRC review.

The changes are not considered to be a decrease in the effectiveness of the Plan or the Nuclear Security Program for Nine Mile Point Nuclear Station.

Sincerely,

Howard G. Christensen
