The Regents of the University of California  
Docket No. 50-142  
(UCLA Research Reactor)

---

Memo to: Counsel for Applicant, Staff, and Santa Monica  
From: Dan Hirsch, President, CBG  
Re: Board Order of January 28, 1983

In its recent Memorandum and Order, the Board requested the parties, including Santa Monica, "to confer with a view toward simplification and/or settlement of the contentions in whole or in part." The Board further requested that these conferences "should focus on issues basic to reactor safety," and requested that they take place sufficiently in advance of the prehearing conference so that the results may be reported on February 23 to the Board.

CBG has not yet heard from the other parties in response to the Board Order, so it takes this opportunity to invite the parties to begin these conference(s) at a date and time mutually convenient. CBG will provide a location in Los Angeles for the first conference. Alternatively, these discussions may begin through conference call.

In order for these conference(s) to be constructive, an agenda is needed. We propose as an agenda: (1) discussion of settlement proposals, if any, by Applicant, (2) discussion of proposals by CBG (attached) for simplification of the contentions, and (3) discussion of proposals for scheduling of hearing.

To begin the process, please find enclosed a proposal for simplification through organization into like-subject-areas of CBG's contentions. (The proposal does not at this time reflect a proposal for a given order for hearing evidence on those matters.)

CBG looks forward to receiving from Applicant its proposals, if any, for settlement of the issues identified in the Board Order as the items to be focussed on in the requested conferences.

DS03

CBG suggests that the first conference take place from 1:00 to 5:00 p.m., Thursday, February 17, and that if proposals are to be considered they be received in advance of that meeting, with sufficient lead time to permit consideration prior to the conference. The conference will occur at 6300 Wilshire Blvd., Suite 1200, in Los Angeles, unless the parties are informed by CBG of a change in location.

CBG requests that parties confirm, or suggest alternative meeting dates, by Tuesday, February 15.\* CBG also suggests that the parties leave open the afternoon of Tuesday, February 22, for additional conferences should they prove necessary.

Respectfully submitted,

Daniel Hirsch  
President  
Committee to Bridge the Gap

cc w/ enclosure: service list

\* Note: I can be reached as of February 10 at the CBG office in Los Angeles.
