Re: THE REGENTS OF THE UNIVERSITY OF CALIFORNIA
(UCLA Research Reactor), Docket No. 50-142 OL,
(Proposed Renewal of Facility License)

Gentlepersons:

Among the topics the Board wishes to cover under item 5 of the Agenda for the February 23-24 prehearing conference (Memorandum and Order of February 8), are Contentions II and XVII.

Specifically, we wish to explore the extent to which factual disputes exist among the parties with regard to CBG's motion for partial summary disposition on Contention XVII and UCLA's and Staff's motions on Contention II. With respect to the latter contention, we also wish the parties to address the practical consequences of a holding that UCLA should apply for a Class 103 license.

Very truly yours,

John H. Freye, III, Chairman
ADMINISTRATIVE JUDGE
