RE: Docket No. 40-8728

Dear Ross:

Enclosed please find three (3) copies of UNC Teton's M-Zone Ground Water Restoration Report for the above referenced docket. Wellfield stabilization sampling through the end of this calendar year should be the only remaining item under the R & D License. Hopefully, the commercial license will be issued early this fall.

Thank you for your assistance.

Very truly yours,

UNC TETON EXPLORATION DRILLING, INC.
