FOE/AUDUBON RESPONSE IN OPPOSITION
TO LICENSEES' FEBRUARY 1, 1983 MOTION
FOR EXPEDITED ORDER COMPELLING
PRODUCTION OF DOCUMENTS

Friends of the Earth, Inc. and the New York City Audubon Society file this response in opposition to licensees' motion to compel production of the unpublished and unrevised manuscripts of FOE/Audubon witness, Dr. Charles Perrow. Dr. Perrow is not relying on said documents for his testimony on this proceeding; those documents are proprietary information; and it would be against public policy to require their production.

WHEREFORE, FOE/Audubon respectfully requests that the motion be denied.

Richard M. Hartzman

Richard M. Hartzman
Attorney for FOE/Audubon
