Subject: B&W Topical Report BAW-10154P
B&W Small Break LOCA ECCS Evaluation Model

Reference: Letter, J. H. Taylor to John S. Berggren, November 1,
1982

Dear Mr. Berggren:

The referenced letter transmitted the subject B&W Topical Report. At the time of submittal, BAW-10154 was designated as being "Proprietary" and my Affidavit in support of this classification was attached to the November 1 letter. Further review has determined that BAW-10154 does not need to be considered proprietary by B&W. Accordingly this restriction on its distribution is hereby being withdrawn.

Very truly yours,

J. H. Taylor
Manager, Licensing
