MEMORANDUM FOR: Docket File No. 40-4492
FROM: Daniel M. Gillen, Project Manager
New Facilities Section, WMUR
SUBJECT: TRIP REPORT

From July 21 through July 23, 1982, I visited Oak Ridge National Laboratory (ORNL) in Oak Ridge, Tennessee for the purpose of assisting the ORNL staff in the incorporation of additional information into the Federal-American Partners (FAP) Draft Environmental Statement. In particular, I worked with the ORNL Environmental Impacts Section editorial staff (Ms. Tykey Truett and Mr. Ralph Sharpe) to add new geohydrology and reclamation information to the statement, prepare new figures and tables, and make appropriate changes to the mats. This trip enabled the statement changes to be made quickly with immediate WMUR review, and proved to be an effective means of eliminating unnecessary delays in the project schedule.
