Portland General Electric Company
ATTN: Mr. Bart D. Withers
Vice President, Nuclear
121 S. W. Salmon Street
Portland, Oregon 97204

Gentlemen:

This refers to the letter dated July 2, 1982 from the Portland General Electric Company in response to the Notice of Violation and Proposed Imposition of Civil Penalties sent to you with our letter dated June 2, 1982. Our letter concerned a violation investigated during our inspection conducted at the Trojan Nuclear Plant during the period of March 16 through April 30, 1982.

After careful consideration of your responses, we have concluded for the reasons given in the enclosed Order that the violation occurred as set forth in the Notice of Violation and Proposed Imposition of Civil Penalties. Furthermore, the criteria for categorizing severity levels, as defined in the Enforcement Policy (10 CFR Part 2, Appendix C), 47 FR 9987 (March 9, 1982) were properly applied. We have also given careful consideration to your request for mitigation of the proposed penalties. We have concluded, as set forth in the Appendix to the enclosed Order, that a basis for mitigation exists. Accordingly, we hereby serve the enclosed Order on Portland General Electric Company, imposing civil penalties in the amount of Fifty Thousand Dollars.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosure, and your letters, will be placed in the NRC's Public Document Room.

Sincerely,

*Original Signed By
R. C. DeYoung*
