Monthly Operating Report

Dear Mr. DeYoung:

Attached are twelve (12) copies of the revised first page to the Crystal River Unit 3 Monthly Operating Reports for the months of April, May, June, and July of 1982. The revision corrects for the loss of one hour during the month of April, due to the change to Daylight Saving Time. There were only 719 hours in April instead of the 720 hours reported. All revised values for the four reports are due to this one hour deviation and are asterisked in the attached pages.

Very truly yours,

David G. Mardis
Acting Manager
