Dear Sir:

Three Mile Island Nuclear Station, Unit 2 (TMI-2)
Operating License No. DPR-73
Docket No. 80-320
Organization Plan Revision 6, Amendment 1

Amendment 1 to Organization Plan Revision 6, which was originally submitted via GPUNC Letter 4410-82-L-0014 dated November 29, 1982, is hereby submitted to resolve NRC concerns regarding location of review and audit provisions of the Organization Plan vis-à-vis the Technical Specifications. In this regard the proposed Review and Audit section has been deleted from the Organization Plan and has been incorporated into Amendment 1 to Technical Specification Change Request No. 40 (being transmitted via GPUNC Letter 4410-83-L-0023). In addition, several changes resulting from the final GPUNC corporate review of implementing procedures have been incorporated in the Amendment 1 to Technical Specification Revision 40 and this Amendment 1 to the Organization Plan Revision 6.

Please call Mr. J. E. Larson of my staff if you have any questions.

Sincerely,
