Re: Freedom of Information Act Request --
Proposed Revision to License Fee Schedules

Dear Sir:

Pursuant to 10 C.F.R. §9.8, I hereby request copies of the following records relating to the proposed revision to the Commission's fee schedules, published in 47 Fed. Reg. 52,454 (Nov. 22, 1982):

1. All records relied upon, relating to, or used in the preparation of the proposed revisions to 10 C.F.R. Part 170, as set forth in 47 Fed. Reg. 52,454. This request does not include SECY-81-615, as this document is available to us.
2. All records which led to the development of or were prepared in response to (or as a result of) SECY-81-615, dated October 27, 1981.
3. All records which describe, discuss or support the calculation of the proposed professional staff rates for the Office of Nuclear Reactor Regulation, Nuclear Material Safety and Safeguards, Inspection and Enforcement and the Advisory Committee on Reactor Safeguards, Atomic Safety and Licensing Board Panel, and the Atomic Safety and Licensing Appeal Panel.

4. All records which describe, discuss or support the proposal to remove the fee ceiling for reviews of permit and license applications and special projects.
5. All records which describe, discuss or support the proposal to impose fees for the performance of non-routine inspections.
6. All records which describe, discuss or support the proposal to impose fees for conducting requalification and replacement exams for operator licenses.

Because the records requested above may be important in developing comments in response to the proposed revision, which comments must be submitted to the Commission by January 18, 1983, I would appreciate it if the records be made available as soon as possible. I agree to pay the applicable charges for copies of the above-requested records.

Very truly yours,

Nancy J. Knowles
