NRC LICENSE FEES

As you know, the Commission discussed the matter of license fees on November 3, 1981, and requested the staff to provide revised manpower rates based on the actual costs incurred for Fiscal Year 1981. Accordingly, please allocate the time spent by EDD in FY 1981 as follows:

Office of Executive Legal Director Allocation (%) to the Following Functions

	% Allocation	
	Contested Cases ^{1/}	Non-Contested Cases
Nuclear Reactor Regulation		
Nuclear Material Safety & Safeguards		
Inspection & Enforcement		
Nuclear Regulatory Research

The Commission's guidelines require that each office explain the basis for the distribution listed above. We have enclosed a copy of your submittal to us dated February 2, 1977, which was used in the last revision of the fee schedule.

Based on the urgency of this matter, please furnish the information to Daniel J. Donoghue, Director, Office of Administration, by the c.o.b. November 9, 1981.

If you have questions concerning this request, contact William O. Miller, 492-7225.
