

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

November 10, 1981

MEMORANDUM FOR: William O. Miller, Chief
License Fee Management Branch
Office of Administration

FROM: T. A. Rehm, Assistant for Operations
Office of the Executive Director for Operations

SUBJECT: NRC LICENSE FEES

EDO response to Mr. Donoghue's November 5, 1981 memorandum is as follows:

	<u>% Allocation</u>
Nuclear Reactor Regulation	30%
Nuclear Materials Safety & Safeguards	10%
Inspection and Enforcement	20%
Nuclear Regulatory Research	10%
All other Offices reporting to EDO	<u>30%</u>
Total	100%

Manpower distribution was based on subjective estimates of time spent on various office work, using as an empirical guide (1) the number of staff papers generated by offices and (2) the amount of correspondence generated by offices for OEDO concurrence or signature. Since this office is relatively small and engaged in general management problem solving, the guide figures were subjectively manipulated to arrive at the % allocation.

T. A. Rehm, Assistant for Operations
Office of the Executive Director
for Operations
