Gentlemen:

Thank you for your letter dated August 19, 1982, informing us of the steps you have taken to correct the noncompliance which we brought to your attention in our letter dated August 13, 1982.

This letter also refers to the telephone conversation on August 31, 1982, between you and Mr. W. P. Reichhold of my staff concerning your corrective actions. It is our understanding that continued compliance will be assured by the following methods:

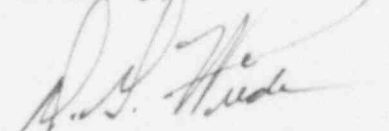

1. The Ohmart gauges will be removed and returned to Ohmart before the next test for leakage is required.
2. You will contract Ohmart to perform tests for leakage every six months.

If your understanding differs from the above, please contact Mr. William P. Reichhold or me at 312-932-2500.

We will examine these matters during a future inspection.

Your cooperation with us is appreciated.

Sincerely,

D. G. Wiedeman, Chief
