MEMORANDUM FOR: Patricia G. Norry, Director  
Office of Administration

FROM: *ASR* Alan S. Rosenthal, Chairman  
Atomic Safety and Licensing  
Appeal Panel

SUBJECT: PROPOSED REVISION OF LICENSE FEE  
SCHEDULES

This will refer to your October 18, 1982 memorandum with regard to the draft Federal Register Notice on the above-entitled subject.

Although the matter of license fee schedules is not of particular concern to the Appeal Panel, I have cursorily examined the draft notice. That examination disclosed nothing worthy of comment.
