Docket No. 50-368

Arkansas Power & Light Company
ATTN: Mr. William Cavanaugh, III
Senior Vice President - Energy
Supply
Post Office Box 551
Little Rock, Arkansas 72203

Gentlemen:

We have received a copy of your application dated June 28, 1982, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application proposed certain Technical Specification changes related to RTD response time surveillance requirements for Arkansas Nuclear One, Unit No. 2. A Class III fee of \$4,000 (Check No. 7-8069) was remitted with your application pursuant to 10 CFR 170.22.

Based on information provided by the ONRR staff, it is our understanding that this application has not been reviewed nor will it be reviewed. Consequently, we have concluded that an exemption (pursuant to 10 CFR 170.11(b)) from the fee requirements of Part 170 is authorized by law and such exemption is otherwise in the public interest and is hereby granted for your June 28, 1982 application. Therefore, we have concurrently authorized the Division of Accounting and Finance to refund the \$4,000 remitted with this application. Refunds are generally processed within a two-week period.

Sincerely,

Signed, G. James McHoway, Jr.

William O. Miller, Chief
License Fee Management Branch
Office of Administration
