

1-26-83

Docket: 50-298

Nebraksa Public Power District  
ATTN: J. M. Pilant, Division Manager  
Licensing & Quality Assurance  
P. O. Box 499  
Columbus, Nebraska 68601

Gentlemen:

There will be a joint FEMA, NRC, OPPD, NPPD, and state (Nebraska, Kansas, Iowa, and Missouri) meeting on February 10, 1983, at 1:00 p.m. in Kansas City, Missouri, at the FEMA Region VII office located at 911 Walnut Street.

The purpose of the meeting is to discuss generic problems that may exist involving emergency preparedness activities at or near nuclear power stations and to review the respective roles of each organization.

I am requesting that each organization not send more than two or three representatives. Enclosed is an agenda for the meeting.

If you have any questions, please contact Mr. R. L. Bangart at 817/860-8248.

Sincerely,

*LSI*

G. L. Madsen, Chief  
Reactor Project Branch 1

## AGENDA

1. NRC's role in the implementation of Emergency Preparedness with the licensee (including NRC's plans to participate in Cooper exercise).
2. FEMA's role in the implementation of Emergency Preparedness with the state and local governments.
3. The role of the states of Nebraska, Kansas, Iowa, and Missouri in the implementation of Emergency Preparedness with FEMA/NRC/licensee/public.
4. Interaction between NRC/FEMA/state and local governments.
5. NRC's commitment for future interaction with FEMA and the states concerning offsite inspections, investigations, and press releases.
6. Open discussion.
