Docket No. 40-8084

MEMORANDUM FOR: William O. Miller, Chief  
License Fee Management Branch

FROM: Roger T. Woolsey, Project Manager  
Licensing Branch II  
Uranium Recovery Field Office, RIV

SUBJECT: FEE EXEMPTION FOR AMENDMENT NO. 18, SUA-1119

"Bicarbonate" was included in the list of chemicals that the licensee was required to analyze. It was determined later that this amounted to a duplication of effort and an unnecessary expense to the licensee. Therefore, the NRC issued an amendment to delete bicarbonate from the list. This amendment is exempt from fees.
