Dear Mr. Maas:

SUBJECT: ANALYTICAL LABORATORY EXPANSION (TAC NO. L30551)

We have reviewed your letter and changes to Part II, Safety Demonstration of SNM-1227, which you submitted on February 18, 1994, in response to our letter of August 23, 1993, concerning expansion of the analytical laboratory in the UO₂ Building. We agree that the activities proposed for the expanded laboratory facility are authorized under the existing license and that no amendment is necessary.

However, the changes to Part II should include revised Figures II-10.1, II-10.3, and II-10.14 that show the new laboratories and equipment; these revised figures should be submitted within 30 days of the date of this letter. The revised pages will be inserted into the Safety Demonstration and the renewal application.

If you have questions, please call me at (301) 504-2505.

Sincerely,

Original Signed By:
