RE: SUA-667
Docket No. 40-4492

Dear Mr. Holonich:

American Nuclear is in receipt of your letter dated March 11, 1994 regarding NRC's review of our reclamation design. We do not believe that 60 days allows adequate time to generate the data necessary to respond to the NRC's comments and submit the design. American proposes to submit the design prior to July 1, 1994.

If you have any questions please advise.

Sincerely,

William C. Salisbury
