

# TIME SENSITIVE INFORMATION

ALL AGREEMENT AND NON-AGREEMENT STATES

TRANSMITTAL OF STATE AGREEMENTS PROGRAM INFORMATION  
(SP-94-008)

Your attention is invited to the attached correspondence which contains:

- INCIDENT AND EVENT INFORMATION.....
- PROGRAM MANAGEMENT INFORMATION.....
- TRAINING COURSE INFORMATION.....
- TECHNICAL INFORMATION.....
- OTHER INFORMATION.....X 1-800 HOTLINE  
RADIATION TELEPHONE  
NUMBERS

Supplementary information: Enclosed, please find a consolidated list of 1-800 telephone numbers which may be of assistance to you in helping redirect questions you may be receiving from members of the public regarding radiation experiments or radiation overexposures. Please be aware that many of these 1-800 telephone numbers have been in existence for some time and the new DOE Hotline number is receiving approximately 10,000 calls a day.

RELATED HOTLINES OR INFORMATION NUMBERS  
REGARDING RADIATION EXPERIMENTS/TREATMENTS

- 1-800-4 CANCER (1-800-422-6237) - The Cancer Information Service number to order free material with general information about cancer and its treatment or can talk to a cancer information specialist.
- 1-800-729-7327 For information and claims under the **Radiation Compensation Act** - pertains to uranium miners and to individuals living in Nevada, Arizona, and Utah during the times of atmospheric bomb testing who have developed certain kinds of diseases.
- 1-800-827-0365 **Veterans Administration** - For veterans to file a claim involving exposure to radiation.
- 1-800-955-1186 **National Association of Atomic Veterans** - Looking for information for individuals who participated in U.S. Atmospheric testing activities, were a member of the forces who occupied Japan in 1945 or 1946, or were POWs in Japan.
- 1-800-798-5102 **National Association of Radiation Survivors** - Essentially looking for information from individuals who are related to those individuals described above.
- 1-800-462-3683 **Defense Nuclear Agency (Nuclear Test Personnel Review Program)** - Looking for participants in the testing program, NTS, or the Pacific, through 1962.
- 1-800-493-2998 **Department of Energy Hotline** (referenced in several nationally-televised news reports).
- 1-800-545-5581 Number for more information and copies of Fact Sheet and reports about the **Hanford Environmental Dose Reconstruction (HEDR)** project being conducted for areas surrounding the Hanford Site near Richland, Washington.
- 1-800-638-4837 Number for more information about the **Hanford Thyroid Disease Study (HTDS)** being conducted by the Fred Hutchinson Cancer Research Center. The study will try to determine if thyroid diseases occurred in individuals who were exposed to radioactive materials released from Hanford in the 1940s.
- 1-800-959-7660 **Hanford Health Information Network** - To talk to someone about health concerns arising because they lived near the Hanford site:  
  
Residents of Washington can call 1-800-522-4446,  
Residents of Oregon can call 1-800-248-4446, and  
Residents of Idaho can call 1-800-793-6113.
