Gentlemen:

Millstone Nuclear Power Station, Unit No. 3;
Report on Faults and Soil Features Mapped
in the Discharge Tunnel Excavation

As agreed upon, attached are forty (40) copies of the final report on faults and soil features mapped in the discharge tunnel excavation. It is our intention that this report be referenced in the Millstone Unit No. 3 FSAR. Northeast Nuclear Energy Company hereby requests that any additional information requests, as a result of your review, be forwarded to us by October 7, 1982 so that the response can be included as part of the Millstone Unit 3 operating license application submittal.

Very truly yours,

NORTHEAST NUCLEAR ENERGY COMPANY
