Gentlemen:

Thank you for your letters dated December 20, 1982 and February 3, 1983, informing us of your plans for handling low level radioactive waste generated at the research reactor facility.

We understand, based on a telephone conversation between Dr. Alger and Mr. Lovendale on February 10, 1983, that in addition to maintaining records of transfers of low level radioactive waste which occur after April 30, 1983, transfers which took place before April 30, 1983, will also be documented.
