Subject: Request for Approval of Temporary Security Measures for
Cooper Nuclear Station During Construction Operations

- Reference: 1) Letter from J. M. Pilant to D. B. Vassallo,
dated August 25, 1982, same subject
- 2) Letter from J. M. Pilant to D. B. Vassallo,
dated September 3, 1982, same subject

Dear Mr. Vassallo:

In References 1 and 2 the District requested approval of temporary security measures necessary for construction of Emergency Operations Facility (EOR) and Fire Protection Systems (FPS) at Cooper Nuclear Station. After discussions with the Staff, it has been concluded that these requests for approval, i.e. waiver, could have been processed under the provisions of 10CFR50.54(p). For this reason, the District withdraws the requests made in References 1 and 2 and we will shortly file a revision to the Safeguards Plan accordingly.

Sincerely,

Jay M. Pilant
Division Manager of Licensing
and Quality Assurance
