Gentlemen:

My staff has completed its preliminary review of the Rio Algom Corporation renewal application submitted under cover letter of November 22, 1982 for Source Material License No. SUA-1119. The general content of the submittal was found to be acceptable. Please note that the staff will request additional information on specific details during the renewal review process.

During the time that your license renewal application is under review, your current license will be valid under the provision of 10 CFR 40.43(b).

Sincerely,

Original Signed By:
