Proposed Revision to Technical Specification Bases

Gentlemen:

This letter proposes a revision to the McGuire Nuclear Station Technical Specification Bases Section 3/4.7.13, Groundwater Level. This revision corrects an error in the description of one of the groundwater monitors. A reference to "Duke Design Engineering (Civil)" is also changed to "Duke Engineering (Civil)" to reflect the new Duke Power organization.

Attached are the pages from the Technical Specification Bases with the changes marked.

Please approve the proposed changes and issue the revised pages to the Technical Specification Bases.

If there are any questions pertaining to this proposed change, please call Robert Sharpe at 704 875-4447.

Very truly yours,
