Dear Mr. Opeka:

Subject: **EMERGENCY PREPAREDNESS (EP) INSPECTION 50-213/94-02**

On March 7-11, 1994, as described in the enclosed report, Messrs. J. Lusher and W. Maier of this office inspected the Haddam Neck Plant Emergency Preparedness (EP) Program. That inspection included interviews, inspector observations, and procedure and record reviews. Preliminary findings were discussed with Mr. LaPlantney and other members of your staff at the end of the inspection.

The results of the inspection indicated that, overall, the emergency preparedness program was being acceptably implemented. However, a recurrent documentation control problem was identified and the training program for corporate dose assessment was found to be fragmented. These findings warrant your attention.

No reply to this letter is required. Thank you for your cooperation.

Sincerely,

Original Signed By:
