

PDR 016

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

August 30, 1982

Mr. Kuldip K. Khunkhun
Senior Mining Engineer
Pincock, Allen & Holt, Inc.
1750 E. Benson Highway
Tucson, AR 85714 - 1798

IN RESPONSE REFER
TO FOIA-82-369

Dear Mr. Khunkhun:

This is in response to your letter dated August 10, 1982, in which you requested, pursuant to the Freedom of Information Act, a copy of the successful bid under Request for Proposal No. RS-NMS-82-030. This confirms the information relayed during subsequent telephone conversations between you and Linda Robinson.

During a telephone conversation between you and Linda Robinson on August 23, 1982, you agreed to accept a nonproprietary version of the bid records and also expressed your interest in obtaining a copy of the basic contract. A copy of nonproprietary versions of the technical proposal dated November 1981, the revised technical proposal dated April 1982, and the contract have been placed in the NRC Public Document Room (PDR), 1717 H Street, N.W., Washington, DC 20555, for public inspection and copying.

The charge for copying records located in the PDR is five cents (\$0.05) per page, as specified in 10 CFR 9.14(a). You may obtain copies of the proposals and the contract by calling (202-634-3273) or writing directly to the PDR to request copies. Upon your agreement to pay the copying charges, the PDR will arrange for the records to be copied by a private contractor servicing the PDR. You will be billed by the private contractor for the copying charges, plus tax and postage.

In ordering these records, you should inform the PDR that you want copies of the records filed in folder FOIA-82-369 plus a copy of the basic contract (No. NRC-02-82-030).

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration
